

La Venta Inn

Palos Verdes Golf Club

Beach Bridle Trail, Malaga Cove

The Finest of Residential Communities

Where Beauty and Open Spaces are the outstanding features.

Where only one-half of the area is used for building sites, the remainder being devoted to Parks, Boulevards, Recreational Centers, Schools, etc.

Where Nature has furnished hills and canyons, mountain views, ocean, rocky promontories and gorgeous sunsets, the best of soil and incomparable climate.

Where the best landscape architects and city planners of the world have taken these gifts of Nature and without spoiling them, have devised a scheme for community building that embodies Man's most modern thought.

Where all improvements are planned and built for the ultimate population, so that nothing ever need be torn up and changed, with the consequent expense.

Where money for all improvements is provided for without a mortgage, bond issue or lien of any kind upon the land.

Where Restrictions and Zoning are self-perpetuating, and their effectiveness is insured by an endowed Art Jury.

Where your home is your playground, with golf on a private 18-hole course, tennis, yachting, swimming, hiking, horseback riding, at your door.

Nothing is left to be desired

THIS is
Palos Verdes

You owe it to yourself to investigate and see if you are overlooking an opportunity.
